

Sun & Moon

Sun Menu

From sunrise brews to moonlit toasts — a space where style flows, flavours glow, and every hour holds a moment worth savoring.

Our Story

In the fast-paced rhythm of city life, we all crave a space to **pause, recharge, and reconnect**. SUN & MOON was born from this idea — an all-day dining destination that transforms with time, offering a seamless journey from sunlight to moonlight.

By day, we serve vibrant, nourishing brunch — crafted with care, designed for comfort, and perfect for slow mornings or midday catch-ups. As the sun sets, the mood shifts. The lights dim, the energy rises, and SUN & MOON evolves into a warm, social bistro & bar where great food and good drinks bring people together.

SUN & MOON isn't just a restaurant — it's a lifestyle space. It's where you can brunch alone or unwind with friends over food. A place for stories, laughter, and meaningful moments — from first coffee to last call.

Because no matter where you are, or what time it is —
There's always a moment waiting for you at
